

# Paycheck Protection Program

A L I C O

As you are likely aware, the US Small Business Administration (SBA) began processing another \$310 billion of Paycheck Protection Program (PPP) loans this week. It took just 12 days for the initial \$349 billion of PPP funding to be exhausted. After receiving much criticism that large companies were the recipients of the largest portion of the initial funding, the SBA made more efforts to ensure this second wave of funding is accessible to small businesses. Please see our revised [downloadable PDF](#) for general PPP Loan information.
